Luke Timms

Senior Project and Delivery Manager

Uckfield, East Sussex, UK | lukedtimms@gmail.com | 07798 796142 | luketimms.online | linkedin.com/in/luketimms

Profile

Senior project and delivery leader with extensive experience managing complex digital initiatives across technology, live entertainment, financial services and consultancy.
I translate strategic objectives into clear delivery roadmaps, build robust execution frameworks and align cross-functional teams to deliver high-impact outcomes. I bring a pragmatic, people-first leadership style and a proven ability to run multiple parallel workstreams while maintaining quality, momentum and accountability.

Skills

- Project and programme management: roadmap ownership, lifecycle management, milestones, budgets and KPI tracking
- Risk and governance: risk and dependency management, change control, regulated environments
- Stakeholder management: executive and C-level communication, client and partner management
- Delivery methodologies: Agile, Scrum, Kanban, Waterfall and hybrid; Product Owner and Scrum Master
- Leadership: cross-functional team leadership, coaching and mentoring, offshore and distributed teams
- Process design: delivery frameworks, release management and continuous improvement
- Tools: Jira, Confluence, digital platforms and SaaS

Work Experience

Senior Project Manager

Jean Edwards Consulting
03/2026 - Present

- Oversee end-to-end delivery of complex, client-facing software and data projects across Europe, the US and Africa, leading cross-functional engineering and technical analysis teams.
- Manage transformation initiatives for global reinsurance clients, covering legacy system data migration, platform integration and workflow automation using JEC's proprietary Alpha AI tool.
- Direct project financials, resource planning, risk mitigation and formal scope management.

Production Manager (Freelance)

Nexus Studios
08/2025 - 11/2025

- Provided hands-on production support during critical delivery phases on a fast-moving creative project.
- Freed senior leaders to focus on customer liaison while maintaining delivery pace.

Senior Producer / Head of QA

Imporium
01/2025 - 07/2025

- Owned project and product delivery from kickoff to ship, covering scoping, planning, tracking and adapting as needed.
- Introduced a QA operating model that improved release quality; led and coached the QA team.
- Prioritised ruthlessly, managed risk and kept progress visible to all stakeholders.

Senior Producer

Improbable
02/2023 - 05/2025

- Delivered 11+ large-scale real-time live events for a platform serving thousands of concurrent users, including the Game4Ukraine charity match.
- Owned delivery end-to-end, from scoping and planning through launch and iteration.
- Led cross-functional teams, aligning vision, unblocking issues and maintaining momentum.
- Turned delivery chaos into clarity by managing risk, priorities and focus.

Senior Development Manager
CCP Games
08/2021 - 02/2023

- Drove delivery of complex, multi-million-pound projects, balancing creative vision with commercial goals.
- Led large multidisciplinary teams across engineering, art, design, QA and production.
- Increased delivery predictability by redesigning delivery systems and planning rhythms.
- Improved transparency and decision making with frameworks that clarified scope, ownership and progress.

Senior Risk Manager / Risk Partner, CTO and Engineering
Lloyds Banking Group
07/2016 - 08/2021

- Progressed from Digital Risk Manager to Digital Risk Strategy (Group Transformation) to Senior Risk Manager.
- Shifted the organisation from reactive mitigation to automated, proactive risk management.
- Advised the CIO, COO and CDO on tooling, cloud and machine-learning capabilities.
- Created and ran a Guiderails framework that kept delivery teams secure while enabling innovation.
- Acted as Product Owner within engineering and AI/ML teams, managing backlogs and delivery priorities.
- Advised on regulatory impact, including GDPR, for chatbots and emerging digital products.

Digital Delivery Consultant
Accenture
05/2014 - 12/2015

- Placed with a range of client organisations as Delivery Lead, Release and Change Manager, Agile Coach and Senior Business Analyst.
- Led time-critical updates across Fiat Chrysler Automobiles UK brand websites; managed release schedules, QA and approvals.
- Oversaw global change and release management for AstraZeneca, leading CAB governance and improving ITIL-aligned processes.
- Led the global Jira and Confluence rollout for AstraZeneca across distributed teams.
- Led business analysis for Discovery Channel digital products, turning complex needs into user stories and requirements.

Digital Project Manager
Semantico
03/2013 - 05/2014

- Delivered multiple digital projects on time, on budget and to client expectations.
- Managed web platform, SaaS and AMS programmes, and project budgets from estimation through closure.
- Ran discovery phases, including client workshops and user research.

Lead Producer / Lead Product Owner
Kaplan International Colleges
05/2012 - 03/2013

- Owned the product lifecycle for multiple online and mobile platforms.
- Defined and prioritised backlogs with senior stakeholders; held Product Owner and Scrum Master roles.

Producer
Arooga
12/2011 - 05/2012

- Managed multiple teams delivering rapid MVP prototypes using data-driven development.
- Worked with senior leadership on company strategy and roadmap planning.

Game Director (Contract)
Zoe Mode
05/2011 - 12/2011

- Delivered projects on time and within budget; owned budgets, external vendors and contractual delivery obligations.

Producer / Development Director (Contract)
Electronic Arts
01/2010 - 05/2011

- Led delivery across multiple platforms and teams, managing scope versus capacity and quality benchmarks.
- Coordinated with QA, PR, marketing, localisation and legal teams.

Producer
HotGen
09/2008 - 01/2010

- Managed development teams, budgets, schedules and third-party contractors.
- Supported company strategy alongside senior leadership.

Development Manager, BrandPlay (Contract)
nDreams
06/2008 - 09/2008

- Managed development of branded digital experiences for the BrandPlay division.

Associate Producer
Eidos
01/2007 - 06/2008

- Coordinated schedules, milestones and deliverables across internal and external development teams.

Assistant Producer
Eidos
11/2003 - 01/2007

- Supported production of multiple console and PC titles from development through release.

Lead QA Technician
SCi Games
03/2002 - 11/2003

- Led a QA team testing console and PC titles through release.

QA Technician
Eidos Interactive
08/2000 - 03/2002

- Tested console and PC titles, logging and verifying defects through release.
